Nurse / CRA Workshop and
Breakout Sessions
Boca Raton Resort
Boca Raton, Florida
Friday, March 25, 2011

Nurse/CRA Workshop* 8:00 a.m. – 12:00 p.m.
This half-day program presented by NSABP headquarters staff and guest lecturers will focus on topics relevant to nurses and CRAs in the clinical trials setting. The 2011 Workshop topics will include billing for clinical trials, statistics, ethical issues in research, and practice-changing research results regarding the surgical management of axillary lymph nodes.

NSABP CTN and CRA Committees Networking Luncheon with Nurses and CRAs* 12:15 p.m. – 1:45 p.m.
Nurses and Clinical Research Associates who work with NSABP Clinical Trials are invited to join the Clinical Trials Nurse and Clinical Research Associate Committees for lunch. This is a great opportunity to network with your colleagues. Following lunch, Janet Fontana, RN, MA, will present, “Building Skills of Optimism”. Registration is required.

Nurse/CRA Breakout Sessions* 2:00 p.m. – 6:00 p.m.
Nurses and Clinical Research Associates will have the opportunity to attend four 50-minute breakout sessions that will address specific topics related to NSABP Clinical Trials. The Breakout Sessions will cover a wide range of topics including:

- Adverse event (AE) reporting
- Audit preparation
- Coordinating treatment trials at multiple sites
- Coordinator Online: NSABP online data submission & study management
- Data management and data delinquency
- NSABP Industry - Funded Trials – Information Sessions
- Organizational tips for clinical trial management
- Protocol implementation – opening new studies and ongoing management
- Regulatory Topics
- Source documentation and record-keeping strategies
- Strategies for managing your clinical trial workload
- Treatment & Prevention protocol-specific sessions for NSABP breast & colorectal trials
- Triple negative breast cancer & ethnically diverse populations

Complete agendas for the Nurse/CRA sessions will be posted on the NSABP Web site.

* This activity has been submitted to the Oncology Nursing Society for approval to award contact hours. ONS is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s COA.
